PHOTOGRAPHER

My passion is bringing out the most in people and places. I use a mix of strobes, natural light, and post processing to create and capture moments of intimacy.

EXPERIENCE

Freelance Photographer • September 2010 - Present

Used an array of resources to secure work, developed strong relationships with clients, and had many returning customers.

Developed the ability to work on my own, complete and deliver work on schedule, and communicate with clients effectively.

IMPRINT PUBLICATIONS

Head Photo Editor [April 2013 - January 2015]

I worked as a photographer and photo editor at Imprint – the independent University of Waterloo student newspaper – capturing a wide range of subjects, coordinating with volunteers and designers, and operating on tight deadlines.

Imprint placed 3rd in its category in the ONA university newspaper awards, with the highest scores in the photography category during my time there.

EDUCATION

BA in Psychology, Minor in Computer Science

University of Waterloo • Waterloo, ON • 2015

SKILLS

Photography · Photo Editing · Adobe Photoshop · Lightroom · Web Development
